## Additional Information

#### Key Information

This is an internet service that is delivered over a private Fibre Network (Vine Networks). For more information about our services, please visit <http://www.vinenetworks.com.au>

#### Payment Options

You must pay for your service by direct debit from your credit or debit card and no additional fees apply. If you require additional time to pay, you can contact our support team and request an extension on payment and one of our friendly staff will help you. If you are experiencing financial difficulty, our Financial Hardship Policy outlines options available to assist you.

#### Early Cancellation Fees

If you are on a 1 month contract, there will be no early cancellation fees. For clarity, if you choose to cancel your service prior to the end of the first month, we will not refund any pre-paid fees.

<b>Usage Information</b>	<p>If you've taken up a longer-term contract to remove any installation charges or receive a free router and you cancel or downgrade your service in the first 12 months a \$150 EX GST fee will apply.</p> <p>Is available online through the "My Account" portal located at <a href="https://myaccount.vinenetworks.com.au">https://myaccount.vinenetworks.com.au</a></p>
<b>Changes To Your Plan</b>	<p>We may from time to time make changes to your plan, including its pricing and inclusions, by providing you with written notice. Where any changes have a neutral or beneficial impact to you, we can make those changes immediately.</p> <p>If the change is materially detrimental to you, we will provide you with at least 30 days' notice and will have an ability to remain on the existing service for a period of time or exit without any penalty.</p>
<b>Service Availability</b>	<p>Service not available to all areas, homes, or customers. While we perform preliminary qualification checks upfront for broadband service availability, may also be subject to further qualification checks to determine what is available at your location. If we are unable to connect all your services, we will attempt to contact you to discuss further options first or, if we cannot contact you after making reasonable attempts, we will cancel your order.</p>
<b>Installation &amp; Setup</b>	<p>Vine Networks Services are self-installed either with a Vine provided Router, or your own Router. Non-standard installations may incur additional costs. You must obtain permission from the owner of the property, if that is not you, to have Vine Networks Broadband installed and have someone over 18 years of age in attendance at the appointment if we have to send a field technician out on site.</p>
<b>Moving Premises</b>	<p>If you relocate, Vine may not be able to provide you with the same offer and you may incur relocation charges if Vine has to carry out any SLC works (Special Linkage Charges).</p>
<b>Hardware</b>	<p>For your internet service you need a compatible Router, and you may need a. You can purchase a new or pre-loved compatible router from Vine or use your own compatible router (BYO) to access the Vine service. If you use your own router, we can only provide limited support to assist with the setup of the device and cannot guarantee its compatibility.</p>
<b>Warranty Claims</b>	<p>If you purchase a new router from us, please refer to the warranty leaflet in the hardware box for details of Manufacturer warranties.</p> <p>Vine Networks will do its best to support you through any warranty claims and may at times do it on your behalf.</p>
